

## C. B. ZABRISKIE VISITS TONOPAH ON ANNUAL TRIP

STATES THAT NEW RAILROAD THROUGH NEVADA WILL BE BUILT.

Christian B. Zabriskie, one of the most prominent mining men of New York, who has wide interests in this state, and who resided here over twenty years ago, arrived yesterday on his annual trip of inspection. Mr. Zabriskie, who has been in the habit of paying yearly visits to southern Nevada, was forced to forego that pleasure last year owing to illness, and to make up the loss contemplates returning within the present year.

Mr. Zabriskie is associated with Borax Smith in many of the latter's enterprises, among them being the Ely-Goldfield railroad project. When asked concerning the latest developments in the proposed route he said that it was an assured fact that the line would be built.

"However," said Mr. Zabriskie, "the line may not enter Ely. The actions of the people of that camp have forced a temporary suspension in negotiations and the backers of the project are considering another outlet on the east end, with the ultimate idea of making the road a transcontinental affair by connecting at Salt Lake. We will know definitely within six months about the eastern terminus."

Mr. Zabriskie is heavily interested in the West End property, and last evening was one of a party that spent several hours inspecting the underground workings. He was highly enthusiastic when he had completed the trip.

"The West End has always in my mind been one of the best mines in the camp. We have invested our money in the property with the thought that the profits would come from the ores extracted, and we are still of this opinion. It is not a stock manipulating company for we care nothing about that end of the affairs. The trip tonight has demonstrated to my entire satisfaction that the time will not be far distant when returns can be looked for. The operation of the property lies wholly within the hands of General Manager S. H. Brady, and as the people of Tonopah are acquainted with his policies, you can figure out how the work will be carried on."

Mr. Zabriskie leaves this morning for Los Angeles. He will travel over the Tonopah and Tidewater line for the purpose of inspecting that route, after which he will join Mrs. Zabriskie, who has been visiting at Honolulu, at San Francisco, before returning to New York.

## SAYS BELMONT WILL BE RUN ON BUSINESS BASIS

PRESIDENT PARKS ARRIVES LAST EVENING FOR WEEK'S STAY.

R. G. Park, president of the Belmont, arrived last evening from southern California and will remain here about a week, during which time he will make a thorough inspection of the property. When asked concerning the present controversy over the management of the company, Mr. Park declined to make a statement, saying that he had no desire to enter upon a discussion.

"My policy with regard to the management of the mine," said Mr. Park, "will be upon a business basis, such as has been pursued in the past. As to the opening and resumption of operations at the mill I am unable to state. The contract with the smelting company expires in June, and we have plenty of time to think the matter over before that date."

"My visit here at this time is purely one of inspection and for the transaction of small matters that have arisen since my last visit."

## GATHERING OF NOTABLES AROUND FESTIVE BOARD

OLD TIMERS ARE GUESTS OF COL. E. G. WHEELER LAST EVENING.

Colonel E. G. Wheeler entertained a host of his friends at an elaborate banquet last evening at the Mizpah hotel, at which a number of notables were present. The guests were Chris Zabriskie of New York, H. C. Brougher, W. R. Alberger of Los Angeles, B. F. Edwards and Dennis Searles of Oakland, W. W. Keith of Goldfield, F. W. Bishop of San Francisco, Judge J. F. Dennis, W. J. Douglas, S. H. Brady, Bob Govan, F. H. Burnham and W. W. Booth.

The feed fest was beautifully punctuated with impromptu speeches and several oratorical gems, that should have been recorded as "Classics of the Desert," were diffused, and passed into oblivion unrecorded.

Colonel Wheeler bid his friends welcome to Tonopah and to the banquet table. He informed the diners that he considered Tonopah as the shining star of the desert. "If there was no Tonopah, we would not be here this evening," were the closing remarks of the host.

Judge J. F. Dennis officiated as toastmaster and related the history of Nevada for eighty years back, even going back to his childhood days, before the railroad even thought of coming out west.

Chris Zabriskie was called upon and said in part: "I was born and raised on the desert country, and the scent of the sagebrush is sweeter to me than a green room crowded with the choicest orchids. Why twenty years ago I drove a delivery wagon in Candelaria, and every time that I get to see a section of desert I immediately became homesick and generally took a trip to this country."

Said Cal Brougher: "Just ask Billy Douglas what I think of Nevada and Tonopah in particular. To my mind this is the garden spot of the world. I would rather live in a tent in Tonopah than a mansion in a big city, and would do so if I didn't have the confounded rheumatism."

Bob Govan: "I built Tonopah and if it wasn't for me you would be eating at some noodle joint. Just look at my hotel. Crowded every night so that you can't get a room. Have had to sleep in the hallway for a week because somebody wanted to rent my room. Will put on four more stories in a month or so."

Cheers greeted each speaker, both at the start and conclusion of his remarks. It was a gathering of good fellows, mostly old timers, who had congregated to talk over old times and old associations. Many were acquainted when the old camp of Candelaria, sixty miles west of this city, was the boom camp of the southland, and reminiscences were exchanged until a late hour.

## PIONEER CASE WILL BE ENDED BY TONIGHT

TESTIMONY IS ALL IN AND ARGUMENTS WILL START THIS MORNING.

All the evidence in the case of the Gold Hill Mining and Milling company versus the Indiana Nevada Mining company, which has been before the district court several weeks, has been presented and yesterday afternoon the defense announced that they were ready to proceed with the arguments.

The suit involves the title of one of the claims in the Pioneer mining district that has been under dispute for a number of years and which has resulted in considerable litigation.

The arguments will be started this morning and owing to a stipulation between counsel, each side will argue but two and one half hours.

The question should be submitted to the court for decision by the time court adjourns this evening. It will probably be several weeks yet before a decision is rendered as a number of intricate points have arisen during the progress of the trial.
